

RETAIL CATALOGUE

Welcome to Simon Bos Nurseries

We are a wholesale tree nursery specialized in providing large, locally grown trees to landscape contractors. However, we are happy to accommodate individuals who make an appointment to select and purchase our trees. This requires some planning on both sides but we believe you will be pleased with the quality of our product and service.

We are open by appointment only! Please phone 403-330-8010 or email simon@bosnurseries.com.

The Nursery

Simon Bos Nurseries is a family owned and operated tree nursery with approximately 100 acres in production in the Coaldale area. The trees we grow are hardy and sure to transplant well into any landscape in Southern Alberta.

Our field grown trees are harvested in early spring when they are still dormant. Each tree is placed into a wire basket with a burlap sack to contain the roots. These 'ball and burlap' trees are ready to be transplanted into a new landscape. Trees that are not transplanted in spring are moved into our holding facility where they are available for purchase and transplanting throughout the summer and fall. Since we are growing the trees locally, availability will vary from time to time.

If you would like to select a specific tree for purchase in early spring for transplanting later in the season we can harvest and hold that tree for you in our holding facility for an additional fee.

Our potted production consists of trees that are planted and grown in containers that are roughly 20"x20" and 20" deep. These trees are similar in size to our field grown trees but they are more convenient to handle and they are available for purchase and transplanting from spring through fall.

Consistent with industry standards, our deciduous trees are priced by the diameter of the tree measured 12" above the ground. This is the 'caliper' of the tree and typically our trees are between 2 – 4" caliper and 8 to 14 feet tall, depending on the species. Evergreen trees are sold by height, starting at 4 feet up to 12 feet for most species. At times, lower grades may be available at discounted prices.

DECIDUOUS TREES

Acer-Maple

Autumn Spire Red Maple

HT: 50' (15m) SP: 26' (8m)

Seedless, broad columnar form, has red blooms in the spring before the green foliage appears, and foliage turns red every fall.

Size	Price
con. #15	\$200.00

Crimson King/Prairie Splendor

HT: 30' (10m) SP: 26' (8m)

Rich purple foliage, true maple shape leaves, a good specimen. Borderline hardy, no warranty. Only available in Containers.

Size	Price
con. #15	\$200.00
con. #20	\$240.00

Hot Wing Maple

HT: 23' (7m) SP: 20' (6m)

Oval rounded form, has red samaras in the summer with green foliage, and in the fall it will turn yellow to orange-red.

Size	Price
40mm	\$225.00
50mm	\$250.00
60mm	\$275.00

DECIDUOUS
TREES

Pembina Plum

HT: 15' (5m) SP: 12' (4m)

Small rounded tree. Fragrant white flowers in spring followed by purple edible fruit in late summer, good for fresh eating or jams and jellies. Needs a pollinator. Pointy green foliage turns yellow in fall.

Size	Price
40mm	\$225.00
50mm	\$250.00
60mm	\$275.00
70mm	\$300.00

Princess Kay Plum

HT: 12' (4m) SP: 6' (2m)

Yellow in fall. Profuse white blooms in spring are followed by small red fruit.

Size	Price
40mm	\$225.00
50mm	\$250.00
60mm	\$275.00
70mm	\$300.00

DECIDUOUS
TREES

Pyrus-Pear

Golden Spice Pear (Or Similar)

HT: 20' (6m) SP: 16' (5m)

Oval form, white flower in the spring, yellow/red firm juicy fruit.

Size	Price
50mm	\$275.00
60mm	\$300.00
70mm	\$325.00

DECIDUOUS
TREES

Quercus-Oak

Bur Oak

HT: 33' (10m) SP: 25' (8m)

Medium-sized tree, upright oval crown. Lobed leaves. Corky bark, large acorns. Drought tolerant and hardy.

Size	Price
con. #20	\$225.00
50mm	\$275.00
60mm	\$300.00
70mm	\$350.00

DECIDUOUS
TREES

Salix-Willow

Laurel leaf Willow

HT: 40' (12m) SP: 30' (9m)

Large shade tree, shiny green leaves. Excellent for a quick screen.

Size	Price
50mm	\$200.00
60mm	\$225.00
70mm	\$250.00
100mm	\$275.00

Golden Willow

HT: 40' (12m) SP: 30' (9m)

Fast growing willow known for bright yellow stems in winter. Dark green foliage turns gold in fall.. Has a Large shrub like appearance that makes a great screen.

Size	Price
50mm	\$200.00
60mm	\$225.00
70mm	\$250.00
100mm	\$275.00

DECIDUOUS TREES

Sorbus-Mountain Ash

Black Hawk Mountain Ash

HT: 33' (10m) SP: 20' (6m)

Upright oval form. Dark green foliage turns orange in fall. White flowers in spring are followed by orange berries that attract birds.

Size	Price
con. #20	\$175.00
50mm	\$250.00
60mm	\$275.00
70mm	\$325.00

Cardinal Royal Mountain Ash

HT: 30' (9m) SP: 20' (6m)

Upright pyramidal form, and white flowers in the spring that are followed by bright red berries.

Size	Price
con. #20	\$175.00
50mm	\$250.00
60mm	\$275.00
70mm	\$325.00

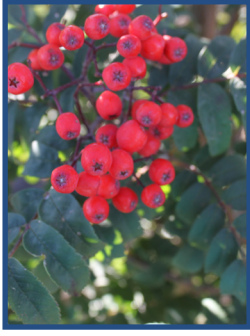

Pyramidal Mountain Ash

HT: 20' (6m) SP: 10' (3m)

Narrow form, and white flowers in the spring that are followed by bright red berries.

Size	Price
con. #20	\$175.00
50mm	\$250.00
60mm	\$275.00
70mm	\$325.00

DECIDUOUS
TREES

Sorbus-Mountain Ash

Russian Mountain Ash

HT: 25' (7m) SP: 12' (4m)

Upright ornamental with the same Mountain Ash characteristics.

Size	Price
con. #20	\$175.00
50mm	\$250.00
60mm	\$275.00
70mm	\$325.00

Showy Mountain Ash (Decora)

HT: 25' (8m) SP: 15' (5m)

Attractive small ornamental. Up-right oval shape. White flowers in the spring that are followed by red berries.

Size	Price
con. #20	\$175.00
50mm	\$250.00
60mm	\$275.00
70mm	\$325.00

Syringa-Lilac

DECIDUOUS TREES

Ivory Pillar

HT: 23' (7m) SP: 11' (3.5m)

Pyramid shaped small ornamental. Large white clusters of flowers in early summer. Cherry like bark. Slow grower.

DECIDUOUS
TREES

Tilia-Linden

American Linden

HT: 50' (15m) SP: 33' (10m)

Large pyramidal tree. Heart shaped foliage that turns yellow in the fall. Fragrant yellow blooms in late spring. Plant in sheltered location

Size	Price
40mm	\$225.00
50mm	\$250.00
60mm	\$275.00
70mm	\$300.00

Dropmore Linden

HT: 33' (10m) SP: 23' (7m)

Coarse textured pyramidal tree. Heart shaped foliage that turns yellow in the fall. Fragrant yellow blooms in late spring.

Size	Price
40mm	\$225.00
50mm	\$250.00
60mm	\$275.00
70mm	\$300.00

Little Leaf Linden

HT: 30' (9m) SP: 26' (8m)

Large, Oval form. Heart shaped foliage that turns yellow in the fall. Fragrant yellow blooms in late spring.

Size	Price
40mm	\$225.00
50mm	\$250.00
60mm	\$275.00
70mm	\$300.00

Ulmus-Elm

DECIDUOUS TREES

American Elm

HT: 60' (18m) SP: 35' (11m)

Large vase shaped shade tree. Excellent for lane or street planting. Gold colored leaves in the fall.

Size Price

con. #20	\$200.00
40mm	\$225.00
50mm	\$250.00
60mm	\$275.00
70mm	\$325.00
90mm	\$350.00

Brandon Elm

HT: 50' (15) SP: 30' (9m)

Vase-shaped, and more compact then the American Elm. Excellent choice for large home landscapes. Fast grower and has gold colored leaves in the fall.

Size Price

con. #20	\$200.00
40mm	\$225.00
50mm	\$250.00
60mm	\$275.00

90mm	\$350.00

CONIFEROUS
TREES

Larix-Larch

Siberian Larch		Available Size
	HT: 65' (20m) SP: 15' (5m)	6'-12' Tall
	Distinctive pyramidal form. Bright green needles emerge in spring and turn brilliant gold in autumn. Needles drop in winter.	Cost
		\$40.00 / ft.

CONIFEROUS
TREES

Pinus-Pine

Lodgepole Pine		Available Size
	HT: 40' (12m) SP: 10' (3m)	6'-14' Tall
	Native, slim pine tree with prickly inward facing cones and twisted blue/green needles.	Cost
		\$40.00 / ft.

Mugo Pine		Available Size
	HT: 7' (2m) SP: 7' (2m)	3'-6' Tall
	Very hardy shrubby pine. Excellent accent plant in the landscape.	Cost
		\$50.00 / ft.

Pinus-Pine

CONIFEROUS TREES

Mugo Pine Rostrata

Available Size

HT: 23' (7m) SP: 13' (4m)

Very hardy upright pine. Keeps its color and needles well in winter.

5'-8' Tall

Cost

\$50.00 \ ft.

Scots Pine

Available Size

HT: 50' (15m) SP: 25' (8m)

Fast growing pine with broad pyramid shape. Bark yellows with age.

6'-14' Tall

Cost

\$35.00 \ ft.

Ponderosa Pine

Available Size

HT: 40' (12m) SP: 16' (5m)

Large native tree, long needles, large cones and furrowed bark.

6'-14' Tall

Cost

\$40.00 \ ft.

CONIFEROUS
TREES

Picea-Spruce

Bakeri Spruce		Available Size
	HT: 15' (4.5m) SP: 10' (3m) Compact, slow growing conical spruce tree with blue foliage. Great use for small landscaped and specimen planting.	6'-12' Tall
		Cost
		\$35.00 / ft.
Black Hills Spruce		Available Size
	HT: 65' (20m) SP: 25' (8m) Similar growth habits to the White Spruce, green soft needles.	6'-14' Tall
		Cost
		\$34.00 / ft.
Blue Diamond Spruce		Available Size
	HT: 25' (8m) SP: 20' (6m) A selection of Colorado blue spruce that has intense blue needles with silver overlay. Similar to Hoopii with appearance.	6'-10' Tall
		Cost
		\$35.00 / ft.
Colorado Blue Spruce		Available Size
	HT: 65' (20m) SP: 25' (8m) Tall pyramidal tree, very hardy. Excellent for wind breaks.	6'-14' Tall
		Cost
		\$30.00 / ft.

Picea-Spruce

CONIFEROUS TREES

Columnar Blue Spruce		Available Size
	HT: 35' (11m) SP: 10' (3m)	6'-12' Tall
	<p>Upright spruce, blue foliage with intense blue new growth. Excellent for narrow landscapes.</p>	Cost
		\$40.00 / ft.

Hoopsii Spruce		Available Size
	HT: 33' (10m) SP: 8' (2.5m)	6'-12' Tall
	<p>Narrow, unique pyramidal form, dense silver-blue needles and narrow cones.</p>	Cost
		\$40.00 / ft.

White Spruce		Available Size
	HT: 65' (20m) SP: 15' (5m)	6'-14' Tall
	<p>Large, hardy spruce with green short needles. Immature red seed cones mature to light brown.</p>	Cost
		\$34.00 / ft.

Our Guarantee:

Providing proper care has been given and planted as per instructions, trees are guaranteed for one year from purchased date, and needs to be accompanied by original invoice. Warranty does not cover Rodent, Mechanical or other damage.

Payment and Pricing:

All prices are product loaded onto your vehicle at our location. All sales will require payment at time of purchase or delivery. We accept Visa, MasterCard, Cheque and Cash for payment. (Credit Card Sales over \$500.00 add 2%) GST Not Included. Prices subject to change without notice.

Delivery Service:

Delivery is available which require prior arrangements to be made. Trees are delivered with a tandem crane truck that carries up to 50 trees. **Delivery charge is \$125.00 / Hour, minimum charge is one hour.** The crane will reach up to 35 feet from the truck, if distance is beyond reach of our picker truck, use of a dolly is needed which will require extra help, and an additional charge of (\$30.00 min.)

Planting Service:

We provide installation services, which is quoted per job. With a minimum charge of \$300.00 per job.

Tree Moving Service:

We have one truck mount spade and several skid steer units. This service is available for a limited time, while trees are in their dormant stage. It is advised to book this service in advance. Truck spade is 68" and moves trees up to 8" caliper or 18 feet. Skid steer spades are from 32" to 44" and move 1.5" to 4" caliper, or 12 feet. Hourly rates are \$160.00 / Hour for both the spade truck and skid steer spades.

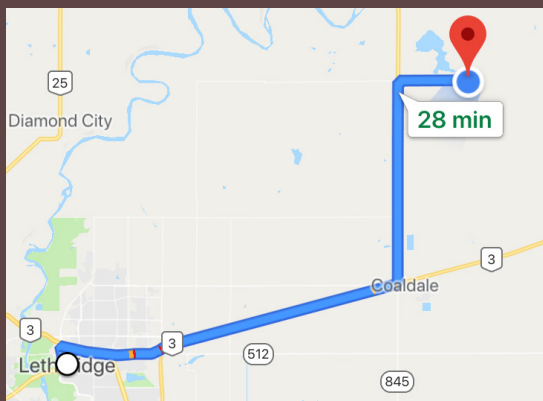

Discounts:

Discounts are available on **most** trees when more are purchased at one time.

Number of Trees Purchased	% Discount
5 or more	5%
10 or more	10%
15 or more	15%

Directions:

From Lethbridge go East on Hwy. 3 until you reach the second set of traffic lights in Coaldale, then turn left on to Hwy. 845 going North for 9.6 km then turn right on to Township road 10 - 2 for 3.2 km. Simon Bos Nurseries is on the right, take the second entrance for parking in front of the office.

Planting Instructions:

1. Confirm that your location suits the tree that you intend to plant. Consider things like overhead power lines, underground utility lines and proximity to boundaries and other structures on your property.
2. Dig a shallow, broad planting hole. Make the hole wide, as much as three times the diameter of the root ball but only as deep as the root ball. Breaking up the soil in a large area around the tree provides the newly emerging roots room to expand into loose soil and helps the tree become established.
3. Ensure that the tree is planted at the proper height by keeping the top of the root ball level with the ground. If the tree is planted too deeply new roots will have difficulty developing because of lack of oxygen.
4. Straighten the tree in the hole and begin backfilling with good soil. Add soil in layers and settle with water. Continue this process until the soil is 20cm (8") from the top of the hole and then remove the strapping and burlap near the top of the root ball. The top ring of the wire basket can also be removed.

Planting Instructions:

5. Continue adding soil to the hole in layers and settling with water until the hole is filled and the tree is firmly planted.

6. Make a saucer-like rim around the outside edge of the root ball to direct water into the root zone.

7. Adding a 2 - 4" layer of organic mulch to the area at the base of the tree helps maintain a healthy growing environment. Leave a 1 - 2" mulch free area at the trunk of the tree so that the bark of the trunk is not covered.

8. For potted trees, remove the container and apply the same principles.

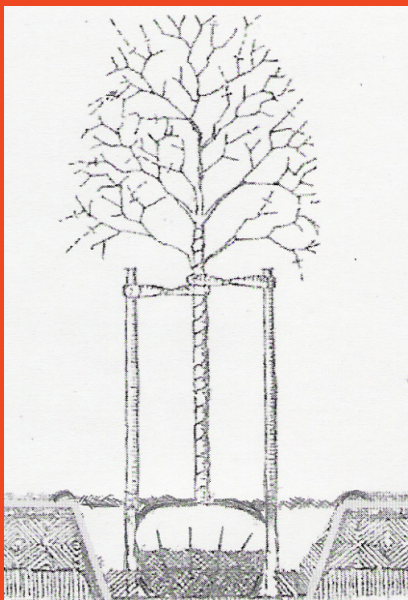

9. If necessary, stake the tree by driving one or two stakes into the ground near the edge of the root ball. Fasten the tree to the stakes with webbing or another soft material to prevent damage to the tree. Stakes should be removed after two seasons.

10. Provide follow-up care. Keep the soil moist but not soaked. Water trees at least once a week, barring rain, and more frequently during hot weather. When the soil is dry below the surface of the mulch, it is time to water. Continue until mid-fall, tapering off for lower temperatures that require less frequent watering.

11. Other follow-up care may include minor pruning of branches damaged during the planting process. Prune sparingly immediately after planting and wait to begin necessary corrective pruning until after a full season of growth in the new location.

12. Apply root stimulating fertilizer (these are higher in phosphorous). Do not apply nitrogen fertilizers until the 3rd year after planting.

Enjoy!
